## **25.01.06      Highways**

### **Outstanding Road Safety Issues from Previous Meetings**

#### a. Highways Issues

village entry signs and road marking at the entrances to the village, images have been previously circulated of designs of signs. All councillors have looked at these and discussion held as to the design preferences.

Clerk and Cllr. Sime has liaised with Utkinton and Cotebrook Clerk regarding the installation of the new signs within their Parish, details have been received and circulated. Pricing will be obtained from this company and liaison regarding designs.

Jerry Gibbs (Highways) clarified the licences required for working on highways land. Highways confirmed that Rushton Parish Council own the signs and can update, maintain them as long as appropriate licences in place to do so.

Once proposal in place, to be sent to United Utilities to seek funding revenues.

**Actions – prepare proposal and continue liaison with Highways and UU    Cllrs Sime, Leslie and Vertija.**

#### b. Road Safety Matters

The Parish Council are awaiting feedback and clarification from highways on several matters

1. The Hall lane, the speed signs are facing the wrong way and need turning correctly, Clerk has reported this, works order in place.
2. Lower lane,  
Parish Council has asked for full resurfacing to be undertaken before line painting, Highways have no provision to resurface. If evidence that Highways have previously committed to road surfacing, this can be re-addressed.  
Issues of cars parking outside the school have been reported, cones put in place but now damaged, grass verges are now mud. Highways asked what options available to make safer.
3. The road sign on the corner of Hickhurst and Dogmore Lane is broken, a works order is in place.
4. The road sign on the corner of Dogmore and Kings Lane is broken, a works order is in place.
5. The 30mph signs on Eaton lane are the wrong way around, a works order is in place
6. Oulton mill lane to Cotebrook junction, visibility is very poor especially in large vehicles, Highways do not believe there are any safety issues with this junction
7. Eaton Lane Drainage issues Curbing project at village green, residents would like to assist in the project. Funding options to be assessed.

Theres water flowing from the telephone box down the road, Unities Utilities have confirmed it is not chlorinated and therefore not a water leak. Clerk has already reported this to Highways as a likely drainage fault, Highways believe its just flowing from Higher Ground or even from the well. Clerk has contacted UU to ask how to proceed with this, who have confirmed there are no assets leaking within the village.

Parish Council to seek a meeting with Highways. Possible option is to place a drain along the edge of the green to capture all excess flow. Highways have visited the site on 15th October, believe its ground water, questions have been asked to help determine source and remedial actions.

Parish Councillors attended site 23rd November to undertake initial investigatory work and engage with a drainage contractor. Subsequent dye tracing has shown that outflow by Rock Cottage is not flowing down Lower Lane and therefore not contributing to any drainage.

Scottish Power undertaking works in road starting 20th January but the locations of the excavations will not give any satisfactory assistance to these investigations

8. Beech Lane Layby has a sign which is in need of replacement, a bin would also be a great asset to the layby. A school bus was observed having to reverse as they couldn't pull out of the layby due to the concrete posts and soil that have been deposited. Bin assessment undertaken but this site does not fit the criteria, further information requested to understand how decision was taken in a conservation area. Further bin assessments will be undertaken to determine whether a bin would be of benefit. The sign has been removed, we await its return.... And the concrete posts and soil have been removed since the inclement weather.
9. Sapling Lane, water running down both sides of road, created a ravine, water running into field, dangerous if two vehicles meet as the drop of the road is deep. Some pothole repairs have been undertaken but not addressing the deep drop on either side of the road.
10. The hedge on Eaton Lane at the corner opposite the monument is overgrown, to approach homeowners to ask for the hedge to be cut back.
11. The 20mph signs on Winterford lane are the wrong way around, work order in place
12. The 20mph signs on Sapling lane are the wrong way around. Work order in place
13. Dogmore Lane fingerpost is broken, to determine ownership.

Following the Clerk reporting to Highways that the gully and drains on Winterford Lane where blocked, they have been and undertaken some investigatory works. Charles Hardy (Ward Councillor) to enquire why this has been prioritised over Lower Lane.

There have been works undertaken privately on Winterford Lane to clear the ditches on both sides of the road, the spoil has been piled on either side of the road on the verges, resulting in no passing places. The amount of silt removed is quite significant and was questioned whether some of this is coming from Sapling Lane.

Highways have a new volunteering scheme, to enable working parties to undertake voluntary work. Highways insure the scheme and supply PPE. Cllr. Chrisp to be lead coordinator and apply for the scheme. This scheme will allow residents to undertake small projects such as correct signs that have been turned by passing vehicles. Cllr Chrisp liaising with Highways and creating a priority list of projects.

The VAS on Eaton lane, the SIM will no longer be supported by the company who supplied it, to fully operate the VAS a new SIM will be needed, Cllr Sime to coordinate.

The Grit boxes have not been refilled this year, Clerk to report to CWaC as there is still many weeks of winter left.

## **25.11.07 Reports from Working Groups** **Communications**

### **Newsletter**

Cllr. Chrisp is preparing the parish councils element of the newsletter. Thank you to Mike for his editorship and circulation. Mike will continue to undertake this role for this year, Editor role is still vacant. If anyone would like to now take on the role of newsletter editor, please do contact the Clerk, Lindsey via at e-mail at [rushtonclerk@aol.com](mailto:rushtonclerk@aol.com)

### **Oulton Mill Picnic Area Project.**

The Picnic Area bin has now being emptied by Street Scene. The site is being used regularly. All councillors agreed that 4 fruit trees should be purchased, the Clerk will cost these and bring a quote to the February meeting. Members of the Gardening Group will plant them.

The Parish Council and local birds would like to thank the mystery person who fills the bird feeders at the entrance to the picnic area.

Great thanks to Nick Rayner who has cut the hedges at the picnic area

The information board needs updating, this will be undertaken when the spring arrives. Anyone wishing to volunteer with the picnic area project, please contact the Clerk Lindsey at, [rushtonclerk@aol.com](mailto:rushtonclerk@aol.com)

## **Youth/Social/Community**

### **Play Zone Project**

Wet pour sealing repairs have been undertaken

More repairs are required, a new system of repair has been developed and hopefully this will be quicker and result in longer lasting repairs.

Thanks to the Play Zone floor repair team these repairs have been much better than those undertaken by Creative Play.

School side repair really good, but still a trip hazard to right of entrance and area in the MUGA are lifting.

The flower bed has been in place for 9 years and the sleepers used as a retaining wall have begun to rot. A quote has been received for the replacement of the sleepers, before works commence comparative quotes will be received to ensure value for money works.

The 52 team are working well and we thank everyone involved in keeping the Play Zone a well maintained and enjoyable space for the children of the Parish.

### **Village Green**

Drainage - As detailed within Road Safety

Trees on the Green – concerns were raised that the high winds from the winter storms and the high water table had caused the roots of one of the trees to appear higher and protruding out of the ground, raising concerns for the safety of the tree. A tree surgeon was asked to attend and assess the trees from this point of view but also for their general health. Both trees are in good health and do not require any works at the moment. The Parish Council will continue to assess the trees with the tree surgeon and when works are required this will be undertaken in a timely and safe fashion.

### **The Jessie Hughes Village Hall centenary**

The Jessie Hughes Village Hall will celebrate its centenary in 2026. In fact, Jessie Hughes laid the foundation stone on 6 September 1926 and the hall was open before Christmas!

The JHVH committee are keen for 2026 to be a great year of celebration and we are already thinking about some ideas for that year.

As with the Jubilee we think the best way forward will be to set up a small working sub group, a **centenary committee**, to plan and action things for the year. The plan is for the group to comprise JHVH Committee members, St Thomas Church, WI members and Cllr Chrisp representing the Parish Council.

First meeting is scheduled to be on 7<sup>th</sup> January in the Ron Chisnall Room at 7.30pm.

### **Matters Arising**

The main road (Eaton Road) through Eaton is covered by a “7.5 tonne accept for access” weight limit (signed from A49/Eaton Road & A49 Nantwich Road/Eaton Road junction). The weight limit does not cover agricultural vehicles.

Given the “accept for access” element it is worth noting that many vehicles observed may be using Eaton Road legitimately. Enforcement of this restriction would be a matter for the Roads and Local Policing Units within Cheshire Constabulary.

### **Church Heating Project**

Oulton park have very kindly donated £500 towards the new heating scheme at the Church.

### **Oulton Park Visit**

David Nicholls will attend the February meeting to discuss the details of the upcoming visit of 25 families of American soldiers who were posted at Oulton Park during World War 2. The families will be visiting between 11th and 14th July 2025, they intend to visit Oulton Park on 13th July and will take in some of the other locations where their loved ones trained.

### **25.11.11 Any Other Business**

#### **Priorities for the Parish Council regarding Highways**

The road surface of Lower Lane is terrible and needs resurfacing.  
Sapling Lane, resurfacing once works complete  
Drains at bottom of the village green  
Cleaning of gullies and manholes  
Hickhurst Lane- road surface needs repairing

### **Eaton Village Police Surgeries**

\*Please note times and dates for next police drop in sessions. These are important opportunities to build relationships with our community police officers and share any issues. Note that while members of Cheshire Constabulary always intend to be present, they will understandably prioritise urgent call outs. Thank you for your understanding"
